---

**Junior Software Developer** with over 6 months of experience in Full Stack development. I have worked on projects such as SASS platforms for veterinarians and team management using technologies like Node.js, Express, React, and TailwindCSS. I excel in implementing clean code architectures and strict typing, ensuring software quality and scalability. Additionally, I can communicate in Spanish and a strong passion for continuous learning.

## PROFESSIONAL EXPERIENCE

---

### **Zecsba – APV**

FullStack Developer

**Colombia, Bogotá**

*May – 2024 – July 2024*

- Developed a platform to manage patients for each veterinarian in the area.
- Implemented Model View Controller using Node.js and Express, improving code readability.
- Utilized React and TailwindCSS for Frontend development.

### **Zecsba - UpTask**

FullStack Developer

**Colombia, Bogotá**

*June – 2024 – August 2024*

- Developed a platform for team management for small and medium-sized companies in the sector.
- Implemented strict typing for both Backend and Frontend to avoid execution errors.

### **Academlo - Ecommerce**

FrontEnd Developer

**Colombia, Bogotá**

*June – 2024 – June 2024*

- Developed a virtual store with authentication for purchasing items.
- Used React for the Frontend.
- I also developed the API which is being consumed in the project.
