Junior Software Developer with over 6 months of experience in Full Stack and FrontEnd development. I have worked on projects such as SASS platforms for veterinarians and team management using technologies like Node.js, Express, React, and TailwindCSS. I excel in implementing clean code architectures and strict typing, ensuring software quality and scalability. Additionally, I have a B2 level in English and a strong passion for continuous learning.

PROFESSIONAL EXPERIENCE

Zecsba – APV   **Colombia, Bogotá**
FullStack Developer   *May – 2024 - Present*

- Developed a platform to manage patients for each veterinarian in the area, achieving a 20% improvement in patient management efficiency. Used clean code architecture to prevent future issues when changing dependencies or databases.
- Implemented Model View Controller using Node.js and Express, improving code readability and reducing development time by 15%.
- Utilized React and TailwindCSS for Frontend development.

Zecsba - UpTask   **Colombia, Bogotá**
FullStack Developer   *June – 2024 - Present*

- Developed a platform for team management for small and medium-sized companies in the sector.
- Implemented strict typing for both Backend and Frontend to avoid execution errors.

Academlo - Ecommerce   **Colombia, Bogotá**
FrontEnd Developer   *June – 2024 – June 2024*

- Developed a virtual store with authentication for purchasing items.
- Used React for the Frontend, consuming an educational API.

EDUCATION

Academlo   **Colombia, Bogotá**
FullStack Developer   *March 2024*
Honors: Top 3 in React module

Milestones Education   *Australia, Melbourne*
Course Intensive English B2

January 2023 - March 2024

ADDITIONAL SKILLS

- **Technical Skills:** HTML, CSS, JavaScript, React, Node.js, Express, TailwindCSS, clean code architecture, strict typing.
- **Soft Skills:** Time management, teamwork, effective communication, adaptability, flexibility, self-learning, Leadership.
